

REMARKS

Applicant expresses appreciation to the Examiner for consideration of the subject patent application. This amendment is in response to the Office Action mailed February 22, 2005. Claims 1-29 are pending. Claims 1-4, 11, 13-16 and 23 were objected to. Claims 1-4, 11, 13-16, 23 and 25 were rejected. Claims 5-10, 12, 17-22, 24 and 26-29 were withdrawn. Claims 1, 13 and 25 have been amended to address the objections raised by the Examiner. The drawings were objected to. A new drawing sheet has been provided to address the objection raised by the Examiner.

Drawing Objections

The drawing of FIG 10. was objected to due to an incorrectly pointing reference designator. Therefore, as shown on the enclosed replacement sheet, FIG. 10 has been amended, without adding new matter.

Claim Objections

Claims 1-4, 11, 13-16, 23, and 25 were objected to because of informalities and/or defects. Applicant has amended independent claims 1, 13, and 25 to clarify the term "a perimeter" and to correct antecedent basis errors noted by the examiner.

Claim Rejections - 35 U.S.C. § 102

Claims 1-4, 11, 13-16, 23, and 25 (including independent claims 1, 13, and 25) were rejected under 35 U.S.C. § 102(e) as being anticipated by U.S. Patent Publication 2003/0143788 to Chen (hereinafter "Chen"). Because Chen is cited under 35 U.S.C. § 102(e), Applicant elects to establish an earlier date of invention by swearing behind Chen. Attached is a declaration of Inventor Huei-Pei Kuo establishing a date of invention and diligent reduction to practice prior to the effective date of Chen. Exhibit 1 includes two disclosures, dated October 16, 2000 and September 15, 2001. These disclosures form the basis of the prepared application, and thus establish invention prior to the effective date of Chen. Therefore, Applicant respectfully submits that claims 1-4, 11, 13-16, 23, and 25 are allowable, and urges the Examiner to withdraw the rejection.

CONCLUSION

In light of the above, Applicant respectfully submits that pending claims 1-29 are now in condition for allowance. Therefore, Applicant requests that the rejections and objections be withdrawn, and that the claims be allowed and passed to issue. If any impediment to the allowance of these claims remains after entry of this Amendment, the Examiner is encouraged to call Vaughn North at (801) 566-6633 so that such matters may be resolved as expeditiously as possible.

No claims were added, therefore, no additional fee is due.

The Commissioner is hereby authorized to charge any additional fee or to credit any overpayment in connection with this Amendment to Deposit Account No. 08-2025.

DATED this 19th day of May, 2005.

Respectfully submitted,
